

INTCATCH 2020 meeting

11-13th January 2017 at BOKU University, Vienna.

Venue: Festsaal, Gregor Mendel Straße 33 (3rd floor), 1190 Vienna

Objectives

- *To report on and discuss the work and findings since the last meeting*
- *To present the requirements of the INTCATCH sites regarding sensors, boats and DSS*
- *To discuss and agree on requirements regarding sensors, boats and DSS*
- *To clarify our common aims and goals within the consortium*

Agenda

Wednesday, January 11, 2017	
09:00 to 11:00 am	Executive committee Meeting (WP leads only) - Technical director to chair (Festsaal)
From 10:30	Registration and coffee
11:15 am to 12:30 pm	<ul style="list-style-type: none"> - Welcome (Mark Scrimshaw) - Work Package 1 – Management and Coordination - Project Management Team - Update on amendments to Grant Agreement (Francesco, Trojan, UVIC/CeRM merger, International conference) - Ethics update - Reminder of financial reporting. Internal 9 month period (Mark) - Data Management Plan (Review) / Risk Management - Standardization Manager - Work Package 11 (Ant - Exploitation)
12:30 pm to 1:15pm	Lunch
1:20 pm to 1:30 pm	Welcome by BOKU officials (Head of Department)
1:30 pm to 2.15 pm	<p>COMBINED SESSION: REQUIREMENTS FOR SENSORS, BOATS AND THE DSS</p> <p><u>Overview presentation and reflection on D2.1 – Report on Current Monitoring Strategies and Tools</u> (Geoff and Lesley):</p> <p>Presentation and plenary views on the report shared ahead of the meeting, to include the review process, catchment ‘appraisals’, priority substances of concern, stakeholder engagement to date. To draw out what further work is needed based on report spec and ‘asks’ from other work packages, and what else would be valuable to include where possible. Written responses will be encouraged ahead of the meeting</p>
2.15pm to 3.15 pm	<p><u>Catchment context:</u> Development of monitoring approaches for our pilot catchments. Interactive group working focused on a specific catchment problem and developing monitoring strategies for that problem; enabling realistic discussions around problems, tools and platforms, and the decisions being made, and giving a clear customer-problem steer for all follow-on sessions.</p>
3.15pm to 3.30pm	Group feedback
3:30 pm to 3:45 pm	Coffee
3:45 pm to 4:10 pm	Boat status BlueBox / Sensors available

This project has received funding from the European Union’s Horizon 2020 research and innovation programme under grant agreement No 689341-2

4.15 pm to 5.30 pm	<p>Brief comments to help focus discussions from Alessandro Farinelli / Thorsten / Nick Everard / Roza Allabashi (5 minutes each, maximum)</p> <p>Discussions in two breakout sessions for WP3 and WP4. On requirements of the INTCATCH sites regarding sensors, boats, and DSS</p> <p>We can combine these two sessions into one if we feel it is more appropriate.</p> <p>**Further space is available for those who are not involved and may want to discuss other issues, for example, WP5 and WP8 which do not have dedicated sessions.</p>
7:00 pm	Dinner (further details to follow)

Thursday, January 12, 2017 -

8:30 am to 10:30 am	<p>Reports back from breakout sessions for WP3, WP4 and any further discussion on WP2, as D2.1 is due.</p> <p>*Discussion and agreement on requirements and links to sensors/boats/DSS*</p>
10:30 to 10.50 am	Coffee Break
